*TMPs that take 4 hours or less.

**TMPs that take more than 4 hours. Will be discussed with client before proceeding.

***Every TMP must be submitted to the 'Submitica' system on a CAR and requires time and resource to manage.

TMP – Traffic Management Plan. How road users will be managed through the worksite.

CAR – Corridor Access Request. The medium used to submit a TMP for approval.

WAP – Work Access Permit. 'Permission to do the work'.

A WAP is issued once a TMP is approved and the Corridor Manager has issued the Conditions that the Contractor must adhere to.

RCA – Road Controlling Authority. Council or NZTA.
